Mobile PDR & hail repair

We repair dents while preserving the original paint when the panel condition allows it. Every case is inspected before price and outcome are confirmed.

MONARCH • SMALL DENT / BEFORE

MONARCH • SAME DENT / AFTER

MONARCH • HAIL / IMPACT AREA

WHAT WE REPAIR

- **SMALL DENT / DOOR DING**

  We inspect size, depth, paint condition and access. If suitable for PDR, we work the metal from behind the panel or use glue pulling to preserve the original paint.

- **HAIL DAMAGE**

  We inspect panels and impact count, document affected areas and prepare a vehicle estimate. If the paint is broken, we evaluate conventional body repair.

- **BODY LINES, EDGES AND LIMITED ACCESS**

  Dents on body lines, edges, braces or aluminum require more control and time. Inspection determines whether PDR is a good option.

VISUAL EXAMPLES AND GUIDE RANGES · USD

Small dent

$125–$300

One simple ding; intact paint and workable access.

MONARCH WORK EXAMPLE

Multiple dents

$200–$600+

Multiple dents; pricing depends on count, panel and access.

MONARCH PDR EXAMPLE

Hail repair

Estimate

Impact count and vehicle-specific quote.

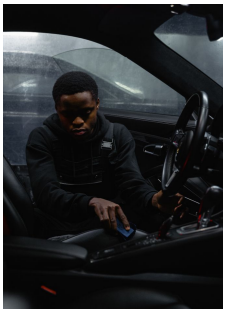

MONARCH WORK EXAMPLE

Detailing and paint

Options to clean, restore gloss and protect the surface. The exact service is tailored to the vehicle and its condition.

SERVICES AND GUIDE RANGES · USD

All prices are estimates. Photos illustrate the type of process; open each image to view its reference.

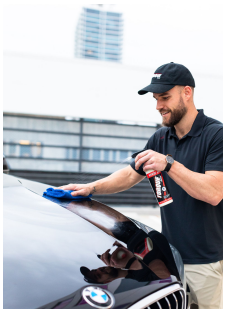

Interior detailing

$120–$220

Vacuuming, dashboard, console, doors and glass. Stains, pet hair, odors and deep extraction can change the scope.

WHAT HELPS US PREPARE AN ESTIMATE

Send the make, model, year, vehicle size and photos in natural light. For polishing or coating, tell us which defects you want to improve and whether the vehicle has repainted panels or previous coatings.

Paint & body

When damage requires conventional repair, Monarch can coordinate an evaluation with a partner shop. Scope, authorization and scheduling are confirmed in writing.

PAINT AND BODY COORDINATION

Broken paint, deformed parts, major impacts or parts replacement may require body repair and refinishing. After the estimate and date are approved, we coordinate drop-off with the partner shop.

For individual customers

- Tell us which panels concern you.
- Share clear photos and the VIN if requested.
- Let us know if the vehicle was repaired or repainted.
- Work does not begin until the estimate is approved.

For shops and dealerships

- Mobile PDR support, subject to availability.
- Per-vehicle or batch quotes after inspection.
- Coordination of access and workspace.
- Business terms depend on scope and volume.

PAINT AND BODY WORK

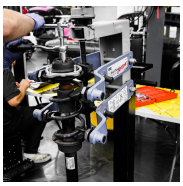

Paint / body work

Written estimate

Repair, preparation and refinishing; scope and total confirmed after inspection.

REFERENCE • PEXELS

Fleet work

Batch quote

Vehicle inspection, logistics and schedule agreed before work begins.

JAE PARK / PEXELS

Coverage, deductible and payment decisions belong to the customer and their insurer. Monarch does not guarantee claim approval or coverage.

Request an estimate

Clear photos help us provide a faster initial response. Final pricing is confirmed after reviewing the vehicle and scope.

GUIDE TERMS

Published prices are suggested starting ranges to guide the conversation. Monarch should review and approve them before using them as official rates. Final pricing depends on inspection, materials, vehicle size, access, prior condition and requested scope. Taxes, travel, disassembly and additional services will be listed in the proposal when applicable.

Requires manual review by Monarch: final rates, exact service area and travel fee, coating brands/products, warranty, payment methods, availability and partner-shop coordination terms.
